<b>Assumptions Used in Arriving at Fiscal Estimate</b>  <p>The Safety and Buildings Division is responsible for administering and enforcing rules relating to the design, installation or construction, inspection and maintenance of plumbing. The proposed rules consist of updates of chapters Comm 81 to 84, Wisconsin Uniform Plumbing Code, and chapter Comm 62, Wisconsin Commercial Building Code, including the incorporation by reference of the latest editions of many national standards related to plumbing products and methodologies. There are no new regulatory schemes contained in the proposed rule revisions that would significantly affect revenues, expenditures or the division's workloads.</p> <p>The proposed rules will not have a fiscal effect on other state agencies or local governments.</p> <p>The proposed rules will not increase the effect from what the current rules impose on small businesses that own or are involved in the design, installation or construction, inspection and maintenance of plumbing.</p>			
<b>Long-Range Fiscal Implications</b> No long-range fiscal implications are anticipated.
